

T21RS Conference Travel Fellowship

T21RS offers funding to support T21RS members who are clinicians, researchers, students, and postdocs at any career stage to attend scientific conference where they will present research on Down syndrome. Funding includes a budget of up to 3,000 EUR to cover registration, travel, and lodging expenses, and will be paid after receipt of proof of attendance. Applications are accepted on a rolling basis for conferences held in years when T21RS does not organize its own conference. We expect to fund up to three applications. After the conference, a certificate of attendance should be sent to the T21RS secretariat, and the presenter is required to acknowledge T21RS funding. Deadline Tuesday March 4, 2025.
